February 26, 2021

Dear Vendor,

It feels good to be thinking about warmer weather and the beginning of the 13th season of the Voorheesville Farmer's Market. Whether you've been with us for 12 years or 1 year, we want to invite you back. Despite of the pandemic, we had a pretty successful season last year, masks and all. I'm hoping that restrictions will ease up some but I think masks will still be a part of our lives even with the available vaccines.

Our season will begin Wednesday June 16, 2021 and our hours will remain the same, 3:30-6:30 PM. Our last market will be September 29, 2021. Cost for a 10 x 10 ft. space will remain at \$150 and biweekly a 10 x 10 ft. space will be \$100. Even though Rules and Regulations stated last season no plastic bags, I let it slide. But this season, **NO plastic bags allowed.**

Attached are the application and Rules and Regulations. A check of \$25 will hold your place with the balance to be paid on week 3. Please mail check to:

First United Methodist Church
Attn. Dianne Luci
68 Maple Ave.
Voorheesville, NY 12186

Please contact me with any other questions or concerns that you might have.

Sincerely,
Dianne Luci, Market Manager
518 765-4536

*Voorheesville Farmer's Market
2021 Rules & Regulations*

1. The Farmer's Market will operate on Wednesdays from June 17 - September 30 from 3:30-6:30 p.m.
2. No selling or bagging may occur until 3:30.
3. No one should dismantle their booth **until 6:30 pm.**
4. Sellers must have their market sites dismantled, packed up, and cleaned within one hour of the market closure.
5. 80% of the products offered for sale must be produced by the seller on lands or in production facilities they own or operate. If a farmer grows fruits and vegetables, another producer can't buy those products for resale.
6. Bedding plants, nursery products, and cut flowers must be grown on your farm.
7. Sellers must have a sign clearly showing their name.
8. Each seller will be responsible for all equipment and supplies for the setup of a booth. Displays should be constructed in a way that they do not block customer walkways or pose any other hazard to customers.
9. Vendors who provide samples and/or products that will result in waste material, such as cups, rinds, and corn cobs, must provide containers for waste disposal.
10. Sellers must notify the market manager in advance if they will be absent
11. **You must have weights and ropes to tie down tents in case of high winds. If you don't have weights, you will not be allowed to put up your tent.**
12. **NO styrofoam or plastic bags allowed.** All containers must be recyclable.
